

**LEAGUE OF WOMEN VOTERS®  
OF OREGON**

## **2019-2021 LWVOR Program Planning**

### EXISTING POSITIONS

When discussing programs, members must consider existing positions and whether to retain, drop, update or restudy them.

Following are some definitions that may help as League members discuss existing programs.

**RETAIN:** means keep position as is; no change.

**DROP:** means to remove the position completely from our list. All further advocacy will be discontinued. It may not again be incorporated into the program without a new study.

**UPDATE:** means to study the position topic for informational purposes only, with no intention to update the position, only to update the knowledge base for the members.

**RE STUDY:** means to undertake a review of the position in order to potentially change it.

### CREATING DIVERSITY WHILE PROPOSING NEW STUDIES

When proposing new studies, please keep the following things in mind:

1. What are issues of statewide importance that are most critical in your community?
2. How could League of Women Voters of Oregon, along with your local League, have greater visibility and credibility?
3. What issues of statewide importance will stir the imagination of your members and attract potential members?
4. What studies of educational/advocacy projects would help your League to link with individuals and organizations representing different viewpoints, ages, racial or ethnic identities, or other diverse groups that are underrepresented in the League?
5. Why should LWVOR focus its time and resources on this study or project?

Also consider that:

1. The issue must fall within the Principles of the League of Women Voters.
2. The issue should add balance to the League program and have good appeal for our members.
3. League of Women Voters' volunteer time and financial resources must be available. Successful study proposals usually include a group of members ready to work on the study.
4. If the issue is already covered in LWVUS positions, is it necessary to study it on a state level?

Following are some definitions that may help as League members discuss new program.

**TITLE:** A statement of the content of a program item. It may include a League position. All program items imply League action when a position is reached whether or not the wording so specifies. Once adopted by Convention, the title cannot be changed by the state Board or Council.

**SCOPE:** A statement defining the limits and direction of a study item. It may include a timetable and may be modified by the state Board or Council. It is binding on the committee, which must try to meet its directives as far as possible.

**OUTLOOK FOR WORK:** A statement prepared by the study committee which describes the activities to be carried out in the course of the study. While the Outlook for Work may be approved by the Convention delegates or the state Board, the committee may modify it if, during the course of study, more or less work or time becomes necessary.

**POSITION:** A statement of the preponderance of opinion of members expressed during the member agreement process. It may be incorporated into the program item as a basis for action. Once dropped, it may not again be incorporated into the program without a new study.

Forms below with any new study proposal should be submitted to the LWVOR office by **February 20, 2019**, at least three months before Convention according to LWVOR Bylaws. Then the Board must recommend or not recommend any proposals to the May Convention during its March 9 meeting, or at least four weeks before Convention.
